BTC

The BTC Company is one of the leading commercial property development companies in the region. Under the brand name BTC City, it manages one of the largest business, shopping, entertainment, recreational, and cultural centers in Europe, located in Ljubljana, the capital of Slovenia. Additionally, it also manages two shopping centers in Novo mesto and Murska Sobota, and provides first-class property management services for the largest Slovenian clients in the commercial real estate service sector. The BTC Company also runs a logistics service business unit, which holds the leading market position in FMCG logistics in Slovenia. Recently, the BTC Company established many new international business partnerships within its BTC Living Lab platform, which enables Industry 4.0 and Society 5.0 promising solutions to be tested and further developed in a real testing environment.

The promotion of culture in Slovenia is the common goal of the BTC Company and the AAMI Corporation. In striving towards the same goal, the BTC Company supports the Corporation, which creates opportunities for the expansion of artistic activities and projects in the fields of culture and art in Slovenia, and makes it possible for artists to connect with foreign cultural centres. In addition, the AAMI Corporation consults and aids in purchasing artworks; a constituent part of their activity is also raising awareness and educating the broader public about the arts.

AAMI Corporation is a business group of all brands and legal entities, which are managed by one board. The corporation combines various companies: Institute Atelje Art Murn International (with branches in Ljubljana, Prague, London and Hong Kong), company Mega-Graf d.o.o. for art, graphic and printing services, private business Botticelli Club, public cultural Salvador Club, online AAMI Platform, newspaper AAMI Times, ART Expo Ljubljana, AAMI Foundation and AAMI app.

The business group has activities in Slovenia, Italy, Austria, Hungary, Czech Republic, Netherlands, Spain, United Kingdom, United Arab Emirates, India, China and elsewhere.
