Rajko Požar is a self-taught abstract artist. A visionary who believes in the vast dimensions of art and breaks all limits in his work, wishes to revive the depth of a positive person who is reaching for personal growth and allows the emotions to flow freely. In his opinion, things that make life worth living should always be felt with the heart, and not purely with a thought of the mind...

GENERAL PARTNER OF INSTITUTE AAMI

The BTC Company is one of the leading commercial property development companies in the region. Under the brand name BTC City, it manages one of the largest business, shopping, entertainment, recreational, and cultural centers in Europe, located in Ljubljana, the capital of Slovenia. Additionally, it also manages two shopping centers in Novo mesto and Murska Sobota, and provides first-class property management services for the largest Slovenian clients in the commercial real estate service sector. The BTC Company also runs a logistics service business unit, which holds the leading market position in FMCG logistics in Slovenia. Recently, the BTC Company established many new international business partnerships within its BTC Living Lab platform, which enables Industry 4.0 and Society 5.0 promising solutions to be tested and further developed in a real testing environment.

The promotion of culture in Slovenia is the common goal of the BTC Company and the AAMI Corporation. In striving towards the same goal, the BTC Company supports the Corporation, which creates opportunities for the expansion of artistic activities and projects in the fields of culture and art in Slovenia, and makes it possible for artists to connect with foreign cultural centres. In addition, the AAMI Corporation consults and aids in purchasing artworks; a constituent part of their activity is also raising awareness and educating the broader public about the arts.
