THE BEST FROM FOLKLORE

LENKA VÝMOLOVÁ IN LJUBLJANA

EXHIBITION OF A CZECH ARTIST

12. JANUARY 2017 - 12. MAY 2017

SITULA / VILHARJEVA CESTA 44 / LJUBLJANA

Content in my artworks comes out of ornaments, patterns and old stuff texture. I am searching for the borders of moravian-slovakian folklore and kitsch. I also work with poor quality family photos of daily life, such is today's folklore. I use my drawing, collages and paintings to form a diary of my memories and experiences.

This Exhibition "The best from folklore" is a rather site-specific installation. I consider working with space extremely important.

The performance Slivovica with moravian and balkan music embodies the essence of life in folklore and the joy. I draw from it.

Lenka Výmolová was born 1990 in Moravian-slovakia region. She graduated at Faculty of Fine Art in Ostrava, she lives and works in Prague. Lenka is representative for Czech Republic in Institute Atelje Art Murn International.
