The company ECM Partners Inc. is led by individuals who value art and understand the meaning of culture for our society. Art was always present in our offices and headquarters, and therefore we are happy to collaborate with AAMI for the sixth year already. With this contemporary art exhibition at our new office spaces, we have achieved an artistic upgrade for the interior, which will certainly impress both employees and customers.

Dejan Rajbar

CIO ECM Partners

Art has always been closely connected to business and AAMI's vision has always been to work on better implementation of art projects and cultural industries into the world of other industries. The company ECM Partners Inc. is one of those partners which always knew how to appreciate the added value of art. With the new office gallery, we are presenting an abstract world in the jungle of business.
